

T-DRILL

PRODUCTIVITY AS A PRODUCT.

Notcher

Branch Tube End Notcher & Dimpler

ND-54

ND-54

The **T-DRILL ND-54** is an easy to use tube notching and dimpling tool. It notches the branch tube end to match the inner curve of the run tube. Simultaneously it places two dimples to act as a depth stop and point of inspection.

The result is a foolproof joint with optimized flow characteristics. The **ND-54** is commonly used with the **T-DRILL T-35** and **T-65** tee forming machines.

ND-54 Operating range

mm	12	14-16	18-19	22	28	35	42	54
IN/OD	1/2	5/8	3/4	7/8	1 1/8	1 3/8	1 5/8	2 1/8

T-DRILL PROCESS

DO IT WITH T-DRILL

Cut costs – Improve quality – Increase profit

- Easy to use
- Reduces working time
- Reliable

- Service free
- Automatically correct brazing positions
- Double dimple for quality control

- No external power supply
- Optimized flow-characteristics
